Sir:

**REQUEST FOR RECONSIDERATION AFTER FINAL**

Responsive to the final Official Action dated November 23, 2010, Applicants respectfully request reconsideration and allowance.

All the claims stand rejected under 35 USC §103 based on Biggs, Boland, and Chavez.

This rejection is respectfully traversed.

Claim 27 recites, among other things, a user-register that is distributed to the user-device and/or a user-register that is predefined in the user-device. Claim 36 and 43 both recite “wherein the user-device comprises the user-register and the priority-table.” These claim features are admitted to be missing from Biggs along with many others. They are also lacking in Boland and Chavez.
